

# Hotel Engineers

ASSOCIATION OF NEW YORK

## PROVIDING NEW YORK'S HOTEL ENGINEERS AND GENERAL MANAGERS WITH RESOURCES AND INFORMATION TO RUN THEIR HOTELS BETTER AND MORE EFFICIENTLY

Hotel Engineers and General Managers currently employed by a hotel are invited to join the Hotel Engineers' Association of New York (HEANY) free of charge.

The Hotel Engineers Association of New York's (HEANY) mission is to assist hotel engineers throughout the Metropolitan New York Area in keeping up on the latest developments in engineering legislation, construction, technology and issues relating to the physical plant of hotels. The association provides a forum for the exchange of information among members and networking as well as educational seminars.

HEANY stands as a valuable resource and a source of detailed relevant information as well as an advocate for New York City's diverse and unique array of hotels.

As members increase their professionalism, skills and knowledge they are able to exert greater influence in their organizations, command greater respect at their properties, and enjoy greater job satisfaction.
