

On behalf of the Advisory Board of the Hotel Engineers' Association of New York, you are invited to attend, as our guest, "*Dinner and Bocce*" on Thursday, June 23, 2011 at 6:30 p.m. at Il Vagabondo, 351 East 62nd Street, between 1st and 2nd Avenues. This event will be a fun opportunity to socialize with your fellow Hotel Engineers and General Managers. We will enjoy a complimentary 3 course dinner and of course, games of bocce throughout the evening.

We hope you will join us for this festive evening at one of New York's gem locations. The indoor bocce court at Il Vagabondo is one of the only indoor bocce courts in New York and was a magnet for the local clientele of the predominantly Italian neighborhood. The bar restaurant now attracts visitors from all over the city including sports figures and celebrities who are drawn to the easy going atmosphere. You can learn more about Il Vagabondo on their website at www.ilvagabondo.com.

You can view the invitation on the Hotel Engineers' Association website at <http://www.hotelengineers.org/>. You can also find the Hotel Engineers' Association's group on [LinkedIn](#), which you are eligible to join if you are a hotel employee.

The Hotel Engineers Association of New York's (HEANY) mission is to assist hotel engineers throughout the Metropolitan New York Area in keeping up on the latest developments in engineering, legislation, construction, technology and issues relating to the physical plant of hotels. The Association provides a forum for the exchange of information among members and networking as well as educational seminars. HEANY stands as a valuable resource and a source of detailed relevant information as well as an advocate for New York City's diverse and unique array of hotels.

On behalf of the entire Advisory Board we hope to see you on June 23rd. If you would like to attend, please e-mail Jack Osborn, who is assisting us with the administrative details at josborn@osbornlaw.com.

We hope you will take the opportunity to take in a complimentary meal and some entertainment as you meet and greet your peers!

Regards,

The Hotel Engineers' Association Advisory Board:
